

Arden®

MADE IN GERMANY
DESIGNED FOR THE WORLD

RANGE ROVER SPORT

since 1972

PRICELIST - SPRING 2008 - ENGLISH

Aerodynamic & Design

The Arden styling package consisting of a front valance, sidebars and a rear apron made of carbon fibre composite transforms the Range Rover Sport into a visual dynamic 'power-house'. The sidebars manufactured from stainless steel are produced using a special laser process analogised to the front grille.

Arden rear silencer system with 2 oval, chromed end pipes. Can be used with the standard rear apron without any problem.

Installation € 80,00

ARK 70205 3 ** High performance full exhaust system € 4.200,00

... with sport metal catalytic converters for V8 engines.
This system, completely made of stainless steel includes centre and rear mufflers as well as the sport catalytic converters. It offers you a discernable throttle response and a power increase of approx. 25 hp. (Not for Diesel-Engines)

Installation € 480,00

since 1972

Arden Engine Performance Increase

Performance and torque are of great importance for fun and dynamic driving. Quality and balance of the engine, longevity and ease of maintenance, was the number 1 driving the development of this combination.

Performance Increase for V6 & V8 Diesel:

When optimising the motor management system for performance increase, the main focus lies in gaining a rich torque characteristic without interfering with engine efficiency. All diesel modifications carried out by us remain within emission control limits.

ARK 70210 6	Power Increase for 2.7 Litre Diesel Power upgrade about 30 PS up to 220 PS and 510 Nm max. torque through reprogrammed ECU and optimized engine management strategy. The programmed speed limiter will be switched off. The programmed speed limiter will be de-activated.	€ 1.250,00
ARK 70211 6	Power increase for 2.7 Liter V6 Power upgrade about 25 PS up to 215 PS and 500 Nm max torque through additional engine management unit. Easy fitment by using original plugs	€ 980,00

since 1972

* These positions can only be installed at the Arden plant in Krefeld

** Export Version

ARK 70212 6 ** Power upgrade for 3.6 litre V8 Diesel € 1.400,00

Power upgrade about 30 PS and 690 Nm max torque through additional engine management unit. Easy fitment by using original plugs

(We recommend you to use the Arden sport rear silencer ARK 70202)

ARK 70213 6 ** Power upgrade for 3.6 litre V8 Diesel € 1.800,00

Power upgrade about 35 PS and 700 Nm max. torque through reprogrammed ECU and optimized engine management strategy. The programmed speed limiter will be switched off.

(We recommend you to use the Arden sport rear silencer ARK 70202)

Performance increase for 4.2 litre V8 supercharged engine

Based on our long development experience with the well-known 4.2 litre Jaguar engine, you will especially profit from the new Range Rover V8 generation engine. Motor electronics, air inlet and fuel systems are carefully and finely matched allowing for a harmonized development of power and an excellent quality and balance of the engine.

ARK 70224 3 ** Arden Extra ECU € 2.800,00

For power upgrade about 25 PS up to 415 PS and 50 Nm of extra torque

Installation € 350,00

ARK 70220 3 ** Arden AR 05 power upgrade * € 6.400,00

Power upgrade about 40 hp up to 430 hp through Arden ECU together with the Arden full exhaust system and catalytic converters. Clear torque increase about 60 Nm up to 610 Nm. This system provides you a fantastic V8 typical sound and a much better throttle response.

ARK 70225 3 ** Arden Power upgrade about 55 hp * € 12.900,00

with clear torque increase about 70 Nm through modified supercharger. Together with the high performance exhaust system and sport catalytic converters. Separate ECU for an optimized engine management strategy. This system provides a much better throttle response combined with a fantastic V8 sound spectrum.

Installation € 750,00

since 1972

* These positions can only be installed at the Arden plant in Krefeld

** Export Version

ARK 61024 1 ** High Performance Supercharger Kit € 22.500,00

Power upgrade up to approx. 450 hp achieved by increased air boost without increase in engine revs. and therewith greatly improved efficiency as compared to the standard compressor.

The kit comprises of:

- High performance twin screw supercharger
- Fitting parts from high quality aero aluminium
- Adjustment of the engine control unit
- Arden High Performance exhaust system with sports metallic catalytic converters

ARK 61023 1 ** Arden AR 07 power upgrade * € 49.500,00

Power upgrade up to approx 520 hp and clear torque increase
 With increased engine capacity to 4.5 litre using a special manufactured crankshaft and connecting rods.
 With improved oil circulation and cooling.
 High Performance Supercharger, High Performance exhaust system with sports metallic catalytic converters, adjustment of the engine control unit and de-activating the factory fitted speed limiter.

ARK 70221 1 ** Arden AR 06 power upgrade * € 29.750,00

Upgrade about 90 hp up to 480 hp and torque increase about 90 Nm up to 640 Nm
 With increased engine capacity to 4.5 litre using a special manufactured crankshaft and connecting rods.
 With improved oil circulation and cooling.
 Improved boost pressure and metal sport catalysis.
 De-activating the factory fitted speed limiter.

ARK 70222 1 ** Arden extra control unit * € 1.600,00

For the update of the factory side programmed speed limit from 225 km/h up to 250 km/h

Installation € 150,00

(We recommend our end muffler system and power upgrade ARK 70224 or ARK 70220 together with this system)

Fire extinguishing system

ARK 00000 6 Arden fire extinguishing system by request

installed in the whole motor room. Increased safety for you and your car, especially under extraordinary expenses. Minimizes the risk of secondary damages.

* These positions can only be installed at the Arden plant in Krefeld
 ** Export Version

Arden Interior - Individuality for your Range

Arden enhances the interior with various elements because customers predominantly see their Arden Range Rover Sport from the inside. All interior work is carried out in Arden's own saddlery. Customer requests are manufactured with the highest precision and attention to detail. Every request - no matter how extraordinary - is a welcome challenge. The high-quality realisation of this challenge is Arden's uppermost goal. Leather and Alcantara are custom-tailored in every desired color and various exotic woods are processed. The experienced Arden team also manufactures chrome-, carbon-, aluminum- and piano-paint applications for their customers.

since 1972

Arden Entertainment Systems

The Arden Entertainment System offers Multimedia-Feeling at the highest Level. No matter if it's DVD, digital TV or the integration of a gaming console, almost everything is possible, to the point of a complete equipped Business-Mobile.

Both systems include 2 screens for integration into the headrests of the front seats for individual video-entertainment of the rear seat passengers. For example, one passenger can watch a DVD movie, while the other is using his or her Playstation 3 or Xbox360. The driver and front seat passenger remain undisturbed because the rear seat passengers are using cordless headphones. The original Range Rover system could be integrated into the Arden system. (export only!)

ARK 99021 7	Arden Entertainment System	€ 3.600,00
	With 7" LCD screens, DVD Player incl. MP3 and cordless headphones. Installation, includes integration of the 2 screens into the headrests.
