Suspension

The **Arden** suspension solutions for the X Type have been especially developed for particular engine equipment. Tested under extreme conditions in road traffic and on racing circuits. The **Arden** sportive suspension designs have been developed in cooperation with BILSTEIN and bring a comfortable sporty ride. The Mc Person struts on the front axle using the "Up Side Down" principle, improves steering control characteristics, at the same time when mounting the **Arden** suspension kit, the X-Type is also lowered by approximately 25 mm.

Exhaust System

Arden sport rear silencers are completely made of high quality stainless steel, which are precisely tuned to the JAGUAR X-Type V6 engines. The Arden silencer system lends the saloon a powerful sound, without an intrusive appearance. Additionally increased performance, is due to the reduced exhaust gas pressure. It goes without saying that all Arden exhaust systems meet all the EU sound and exhaust gas emission regulations.
