## Arden Sports Silencers

*Arden sport rear silencers are completely made of high quality stainless steel, which are precisely tuned to various JAGUAR X350 engines. The Arden silencer system lends the saloon a powerful sound without an intrusive appearance. Additionally increased performance, is due to the reduced exhaust gas pressure. It goes without saying that all Arden exhaust systems meet all the EU sound and exhaust gas emission regulations. Every system comes with a TÜV certificate.*

**AAK 85200 4 Arden Sport Silencer Set € 1.500,00**

High Performance sport silencer set with oval-shaped chrome tailpipes. Due to the enlargement of the cross section of the tube as well as a significantly improved exhaust back pressure this stainless steel system offers you a sportive and unobtrusive sound spectrum in combination with a more powerful outer appearance.

(By request this sport silencer set can be enhanced to a complete Arden High Performance Exhaust System).

Installation € 80,00

since 1972

**AAK 85250 4 Arden Sport Silencer Set € 1.600,00**

High Performance Sport silencer Set with double high gloss polished stainless steel pipes. Due to the enlargement of the cross section of the tube as well as a significantly improved exhaust back pressure, this stainless steel system offers you a sportive and unobtrusive sound spectrum in combination with a more powerful outer appearance.

(By request this sport silencer set can later be enhanced to a complete Arden High Performance Exhaust System).

About 50 hp up to 445 hp through Arden ECU together with the full exhaust system and sport metallic catalytic converters. This system provides a much better throttle response and a clear torque increase in combination with a fantastic sportive V8 typical sound.

Fitment € 600,00

## 2.7 Litre Diesel

**AAK 75750 6 Arden Performance Increase for 2.7 Litre Diesel** € 1.250,00

This increase in performance has been achieved by new programming of the engine control unit. Optimisation of the factory-set performance curve and individual precision adjustment for every engine software with an increase in performance and torque that can be felt over the whole engine speed range.

Power upgrade about 35 hp up to 242 hp, max. torque: 500 Nm / 1900 rpm (368 EEC.lbs.ft)

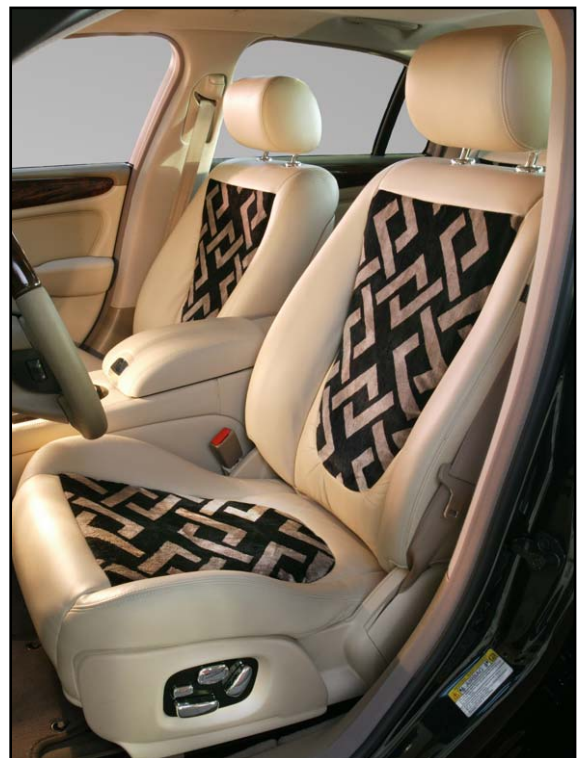

since 1972

The Arden high performance engines complies with actual European emission controls.

## Arden Interior

*For decades the Arden upholstery department has met the highest precision standards and has fulfilled the wishes of JAGUAR drivers all over the world. Arden also offers for the XJ350, a wide range of attractive accessories and a great number of variations from full leather equipment in all colours, types and designs. For tall drivers Arden offers seat rail extensions and upholstery additions to the original seats. Supplementary to the original furnishing it would be possible to enhance the interior with further applications, such as chrome, piano-paint, or wood finish and also carbon.*
